**Pricing Notes:**

1. Straight through Processing (STP) is used to describe electronic transactions, which are correctly formatted so that they can be processed without manual intervention. Additional charges may be applicable to electronic transactions which require manual intervention
2. Any alliance (partner / correspondent) bank charges are not included in the transactional pricing quoted
3. Prices quoted exclude any relevant local tax applicable
4. All transactions may be subject to foreign currency conversion fee, where applicable, at prevailing market rates or per current local regulations
5. The Bank reserves the right to review the pricing periodically, subject to transaction volumes and market condition.
